United States championship honors at inanimate targets and at live birds are divided between three men. As to the title of champion wing shot, it is a mooted question between Rolla Helkes of Dayton, Ohio, and Fred Gilbert of Spirit Jake, lows. Both hold trophics for that style of shooting—Helkes possesses the castiron needs and Gilbert recently won the Jupe Port trophy, both of which are emblematic of the live bird championship. The Kansas City Star cup, another live bird trophy, le hold by James A, R. Ellibett of Kansas City Helkes is acknowledged to be the liaminate.

Carver to a match for the wing shot championship of the world. The contest was arranged, but when a search for a trophy was made it was ascertained that the "Lobest had been lost." C. Robiuson, James Rillott, Charles Grimm, Charles Budd, George Kleinman and "Ed" Bingham were in Chicago at the time and they decided to participate in the shoot. They pooled issues with the principals and had a trophy make, which, for its intrinsic value would not bring much at "your uncle's."

 Manly Strength!

> The perfection of that great force known as strength, is a work of nature Thousands of men have been gifted with a constitution fit to build such a physical structure upon, but they have wasted the material that makes the muscle vitality. Men live too fast these days. The search for imaginary pleasure, trying to squeeze the happiness of a lifetime into a few years, exhausts the strength nature gives them. and they are wrecked in the grandest element of man's ambition-nerve, brain and body weakened. There are thousands of weak, puny men-half-men- who could be made perfect specimens of manhood if the grand power that has been drained from their bodies could be restored.

IT CAN BE DONE.

Nothing bears a closer relation to the elements of vital and nerve force than Electricity. It is natural. It is the strength, the vigor, and, in fact, the very life in the body, and is a wonderful remedy when applied by

#### DR. SANDEN'S ELECTRIC BELT.

Dr. Sanden's method of making use of the life-giving power of electricity has proven its merit. The men who say it cured them of general debility, of wasting weakness; the men who have become strong and vigorous by following Dr. Sanden's advice, are the best evidence of the worth of his system. There are thousands of them, and they speak aloud in praise of Dr. Sanden and his noble work. His work is noble-it is grand-because it lifts men from despondency, it gives them hope, amhition, strength of mind and body, makes them love life for the pleasure of living. There must be something in a system of treatment that can show such cures as this

MADE A MAN OF HIM.

"I have been suffering with lost manhood for nine years; have been so bad that I have been unable to work; have tried the best physicians without any good results; but your Belt has accomplished the desired results where all other remedies have failed. You are at liberty to refer anyone to me at any time in regard to the great merit of your Belt and what it has done for me. I am a poor man, but would spend my whole crop before I would be without your Belt."-J. N. COLLIER, Kaufman, Texas, August 8th, 1898.

#### IT IS A GRAND REMEDY FOR WEAK MEN.

It assists Nature by a general re-enforcement of vital energy by infusing a mild, warming, invigorating current of electricity into the nerves, and by supplying the system with the very essence of nerve vigor and nerve strength.

ARE YOU THE MAN YOU SHOULD BE?

Study yourself. You can be a stronger man than you are. You should be stronger. You should have more confidence in yourself. Steel your nerves with this electric current. Feel its warming glow as Dr. Sanden's Electric Belt saturates your body with it. Call and test this wonderful Belt free. See what it has done for others -10,000 cures! If you can't call send for the book about it free. Call or write to-day. Don't put it off. Address

### JYJY WINE OF CARDUINY

Weak Nerves Made Strong. \_\_\_\_

CINCINNATI, ARK., July 14.

I suffered long with weakness, nervousness, headache and sick stomach. I lost flesh until my neighbors hardly knew me. The doctor's medicine did me no good. My husband bought me a bottle of Wine of Cardui and some Black-Draught, and before I had taken half of it I felt like a different person. I am now entirely well.

MRS. MINNIE HOLT.

## WEEFBEE'S

Nothing pulls down a woman's strength like nervousness. Her face becomes haggard and full of disfiguring lines. The form loses its roundness. Beauty fades away, and of the former self only a wreck remains. Nervous women are easily scared. They "fly to pieces" at the slightest provocation. A little noise startles them. After a while, fainting spells and hysteria come on. The trouble is nearly always due to some derangement in the organism of womanhood. A little ailment there soon vitally effects the nerves.

LADIES' ADVISORY DEPARTMENT. For advice in cases requiring special directions, address, giving symptoms. Ladier Advices Brantment, The Chattanooga Medicine Co. Chattanooga, Tean. Wine of Cardui cures nervousness by correcting the cause-by strengthening the ailing organs, stopping drains and building up the whole system. It brings back color to the cheeks and plumpness to the form. It is little short of marvelous what

great good this vegetable Wine does for women, no matter what the trouble with which she is afflicted.
